Atsalis confirms, Lumbert Mill/28 Project a Go This Spring !

Re: Lumbert Mill @ Rte 28 intersection:

State Representative Demetrius J. Atsalis, 2nd Barnstable District has confirmed that after years of waiting and working to secure funding for the much troubled intersection at Lumbert Mill and Rte 28 the project is a go for this spring. **Atsalis** announced that his office spoke with **D.O.T.** this week and he was given a project update from Taunton's Office **Director Bernardo McCourt**.

Atsalis said "we were told that The Notice to Proceed for the Construction Contract was issued on November, 6, 2009 and the Pre-Construction Conference was conducted on December 3, 2009. Currently a survey team is doing some preconstruction layout work and the Contractor (P.A. Landers) is looking to set up their field office in the area. They plan to commence work in March, 2010 as soon as the weather breaks".

The announcement comes on the heels of yet another accident Tuesday at this intersection. **Atsalis stated**, "I am grateful for the good news and believe this community and all who travel this stretch of road will be well served when the project is complete."
